No. 4801 / CA, The consent fee charged in case of transfer of lease hold plots by way of sales or gifts in Bhubaneswar Municipal Area were fixed @ 10% of the existing premium as per the decision taken in the Cabinet held on 11.3.70. In the mean time 27 years has been elapsed and the cost of land on the transfer of lease hold plots have been increased to a great extent. Taking into consideration the above facts and the amount now being charged while converting lease hold into free hold status, the Government after careful consideration have been pleased to revise the rate of consent fee from 10 percent to 15 percent on the present rate of premium on transfer of the lease land in Bhubaneswar Municipal Corporation area with immediate effect.
